

China Starwin SC45 & SL45 Maritime Satellite TV Receive Antenna

General description

China Starwin's SC45 & SL45 Maritime Satellite TV Receive antenna series is designed for medium and small merchant ships, fishing vessel, and yacht of broadband satellite signal receiving terminal. Using advanced navigation attitude System and servo control system, and make them perfect combination. Make the antenna fast and accurate to align to the satellite. To ensure the stability of the watching television programs on the vessels what is sailing in the inland rivers and coastal water.

Features:

1. Multiple patent support
2. Platform stability, precision tracking
3. The transmission ratio of the antenna radome is as high as 98%
4. Anti power surge and lightning protection design
5. Support multiple TV and watch all TV programs at the same time

Technical Specification :

| Item | SC45 | SL45 |
|---------------------|-------------------|----------------|
| Working Frequency | 11.7-12.2 GHz | 10.7-12.75 GHz |
| Gain | 0.45 Meter | |
| Antenna Type | Parabolic Antenna | |
| Min. EIRP | 48 dBW | |
| Polarization | LHCP & RHCP | VLP & HLP |
| Stabilization Mode | 2Axis | |
| Azimuth | 700° Or Unlimited | |
| Elevation | 0-90° | |
| Acquisition Time | ≤30S | |
| Tracking Rate | 80° /S | |
| Power Supply | +10-36 VDC | |
| Power Consumption | < 30W | < 35W |
| Working Temperature | -25°C-65°C | |
| Humidity | 0-98% | |
| Waterproof Level | IP66 | |
| Size | D:560mm, H:590mm | |
